Entry Requirements including Language, Literacy and Numeracy (LLN)

It is a requirement that learners wishing to enrol onto the PSP40616 Certificate IV in Procurement and Contracting course must first satisfy the MTS entry requirements, as follows:

- Prior completion of a Certificate IV level qualification or higher in English (copy of certificate to be provided with enrolment form) and
- Currently working in the field of Procurement and Contracting (letter from your employer or CV).

If a learner has not completed at minimum, a Cert IV level qualification in the past, MTS will need to request the learner to complete an on-line LLN assessment prior to accepting an enrolment. This is required because MTS cannot assume a learner's LLN level.

For information, the LLN level is a reference number given to a performance level ranging from 1 (lowest performance level) to 5 (highest performance level). This level can be used to describe an individual's LLN skill and/or to describe the LLN skills required by the Training Package for the Certificate IV course or workplace.

The LLN levels required for the PSP40616 Certificate IV in Procurement and Contracting course are:

Reading – Level 4 – Learner interprets and critically analyses complex texts and applies appropriate strategies to construct meaning from the complex texts.

Writing – Level 4 – Learner communicates complex relationships between ideas and information, matching style of writing to purpose and audience and displays knowledge of structure and layout employing broad vocabulary, grammatical structure and conventions appropriate to text.

Oral Communication – Level 4 – Learner demonstrates flexibility in spoken texts by choosing appropriate structures and strategies in a range of contexts and applies appropriate strategies to extract main ideas from oral texts across a range of contexts.

Numeracy – Level 4 – Learner extracts and evaluates the mathematical information embedded in a range of tasks and texts; selects from, and applies, an expanded range of mathematical and problem solving strategies in a range of contexts and uses a range of informal and formal oral and written mathematical language and symbols to communicate mathematically.

For further information on LLN information, please contact the MTS office on 02 9907 2375 or via email to office@majortraining.com.au.

Course Overview:

Major Training Services (MTS) delivers this course in a twelve (12) day program delivered in three modules of face to face or live Zoom training.

Duration: 26 weeks

Students will be expected to complete a research project and a presentation skills project as well as other assessment tasks as listed below.

Due to the holistic nature of the program, there are no credits for partial completion. Only completion of all assessment elements of the program will result in the award of a PSP40616 Certificate IV in Procurement and Contracting.

Student support and monitoring of self-directed (unsupervised) activities will be via email and phone support to the MTS Trainer/Assessor and/or dedicated Client Administrator.

MTS may develop individual study plans for participants in the event that they are unable to attend a module due to illness or other unforeseen circumstances. Please note that this is on a case by case basis.

Course Outline & Learning Outcomes

Module One – Planning Procurement (3 days)

This three day Module addresses the procurement framework and the key aspects to be addressed in planning a procurement. This will include interpreting policy, preparing procurement plans, seeking approvals, undertaking research and selecting the procurement method.

Module Two – Conducting Procurement (4 days)

This four day Module addresses the procurement framework and the key aspects to be addressed in conducting a procurement. This will involve developing tender documentation, developing specifications, releasing and receipting tenders, undertaking evaluations, selecting a preferred supplier.

Module Three – Managing Contracts and Disposal of Assets (5 days)

This five day Module addresses management and finalisation of the contract and the disposal of assets. This will include implementing the contract management strategy, monitoring contract performance, preparing contract variations, negotiating and disputes resolution, finalising contracts, and developing a disposal of assets strategy.
